A Stainless-steel System Kitchen Combines Functionality with Beauty

“Grad45” an original system kitchen to enjoy the beauty of all stainless steel, is packed with the commitment of the sanwacompany. This stainless kitchen would change to hi-graded atmosphere in your living space.

Grad 45

The entire surface is made of stainless steel, and the design is designed to eliminate the waste and highlight the upper texture of the material. The door and side panels are processed so as not to see the small part, and processing is thoroughly taken care of, so that the image is clean and thorough.

Worktop Finish

Hairline Finish

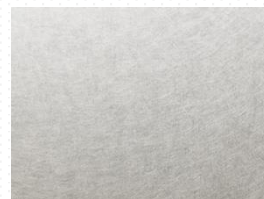

Vibration Finish

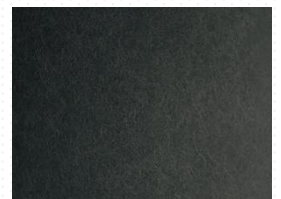

Kitchen Color

Hairline Finish

Vibration Finish

Matte Black Finish

Because it is all stainless steel, it is hard to generate mold and can be used cleanly. In addition, it is possible to select vibration finish or matte black finish as an option, or to incorporate a dishwasher from an overseas manufacturers.

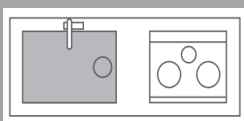

Grad 45

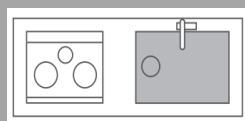

From the luxurious feel of the stainless steel to the 45° cuts on the corner joints, the attention to detail brings the best of this clean, simple design. Large and easy-to-use designs storage drawers

Fits well with W450/600 dishwasher

Left side

Right side

A stylish square-corner stainless steel sink that showcases Japanese craftsmanship. The sink can be installed on the left side, or on the right side.

All-stainless-steel, including front side cabinet. It has a beautiful design like a mirror while having sufficient storage capacity.

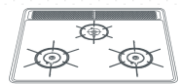

Size	Width: 1800 (no dishwasher setting), 2100, 2400, 2550, 2700 mm Height: 800/850/900mm Depth: 650/670/850/900mm
Type	Wall type / island type / peninsula type

Kitchen choosing

1. Layout

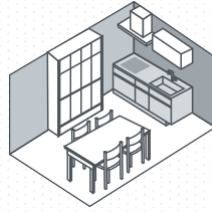

Think about how to use it, what kind of space you want to create, and a layout that suits your lifestyle.

Island Type

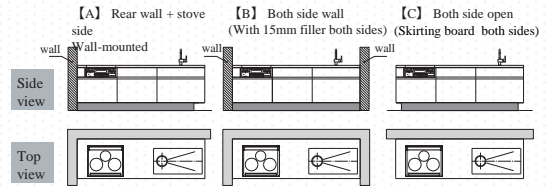

Peninsula Type

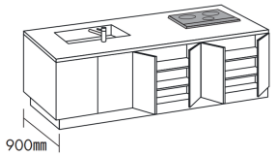

Wall Type

* Wall Type can be selected from three types of pedestals depending on the installation location. W1800 is not supported, and the pedestal is not a baseboard

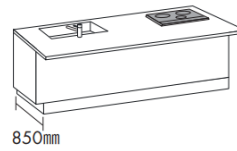

※ Island Peninsula Type: Skirting board extension is not possible
 【A】 【C】 Skirting board extension is not possible
 【B】 Skirting board extension possible (body size +15mm), no side finish
 * If you select Wall - Peninsula Type in the main body color "Stainless Black", the wall side filler will be matte black, and the finish will be different from the door. The wall side filler of the main body color "stainless steel hairline" and "stainless steel vibration" has the same finish as the selected color.

2. Plan

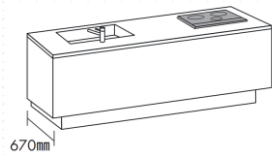

With Back wall Double-Door Cabinets

Island Type	Peninsula Type
W2100mm	W2100mm
W2400mm	W2400mm
W2550mm	W2550mm
W2700mm	W2700mm

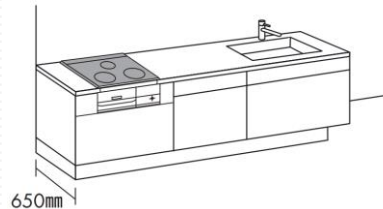

With Counter

Island Type	Peninsula Type
W2100mm	W2100mm
W2400mm	W2400mm
W2550mm	W2550mm
W2700mm	W2700mm

Without Back wall Double-Door Cabinets

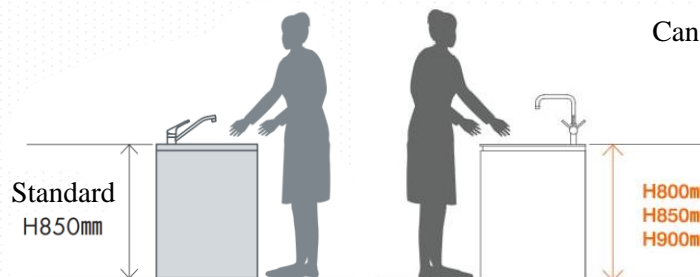

Island Type	Peninsula Type
W2100mm	W2100mm
W2400mm	W2400mm
W2550mm	W2550mm
W2700mm	W2700mm

Wall Type
W2100mm
W2400mm
W2550mm
W2700mm

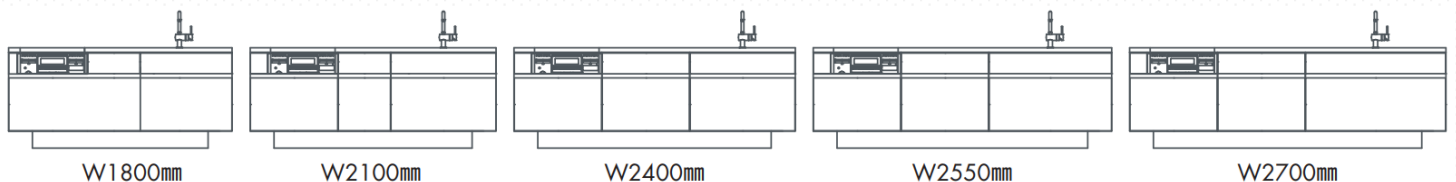

3. Kitchen height

Ideal kitchen height
 (Height) ÷ 2 + 2.5 ~ 5cm

Can be adjusted to 800 or 900mm with additional charge

4. Width

5. Surface Color

Hairline

Vibration

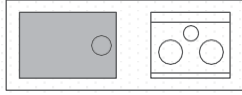

Black

* Stainless vibration and stainless black have different prices.

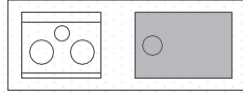

6. Sink

Sink

It's a silent sink.

Left sink

Right sink

7. Worktop finish

Stainless steel is polished with thin lines like hair, giving it a luxurious hairline finish.

Stainless steel hairline (JPY 0)

Polished and glossy finish. It is characterized by the fact that scratches are less noticeable.

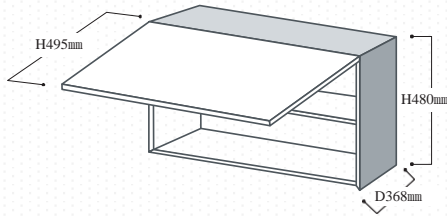

Stainless steel vibration

* In the case of stainless-steel black, you can choose stainless steel vibration only for the worktop.

STEP2 Choose equipment and options

1. Wall Cabinet

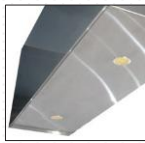

Matching wall cabinets for a coordinated kitchen look. Designed with a focus on convenience.

* Please install it away from Range Hood.

* Even if the main body color "Stainless Black" is selected, the inside of the cabinet is stainless steel, not black.

Also, the top surface of the wall cavity is not black.

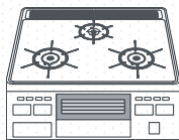

* W750 has one downlight,
W1050 - 2 downlights

Kitchen Size	Wall Cabinet Size
For W1800	W750mm
For W2100	W1050mm
For W2400	W1200mm
For W2550	W1275mm
For W2700	W1350mm

2. Heating equipment

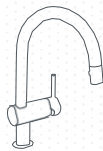

IH does not use fire, so it's safe. The high heat power of gas is also attractive.

3. Faucet

Choose from a wide range of line naps, including showers and water purifiers.

* W1800 does not support water purifiers.
* For use in areas where severe cold is expected, please purchase "cold region preparation".

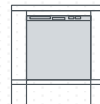

4. Dishwasher

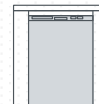

You can choose from domestic dishwasher or import dishwasher.

Domestic Dishwasher (bottom)

Domestic Dishwasher (top)

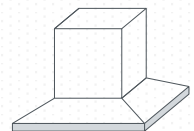

Imported Dishwasher (W450 · 600)

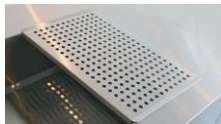

* Import Dishwasher can only be installed at heights H860 and 900.
* W1800 is not supported, and imported Dishwasher W600 is compatible with W2400 or higher types.

5. Range Hood

Starting with range hoods with excellent design, we offer products with full functions for each plan.

6. Option

Draining plate

KT10159

The baseboard under the cabinet is standard on the stove side wall. Both side openings have a pedestal and both sides of the pedestal, and both side wall specifications will be changed to a type in which the pedestal extends to the wall.

In the case of Without Fish Grill, the small drawer next to the stove will be eliminated

With fish grill, there is a small drawer next to the stover.
*Drawer space: W85 x H115mm.

Grad45 Cupboard

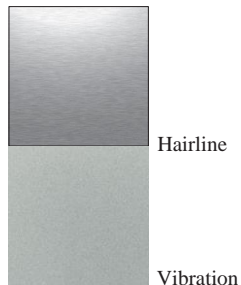

Elevate Your Kitchen with Stainless Steel Coordination

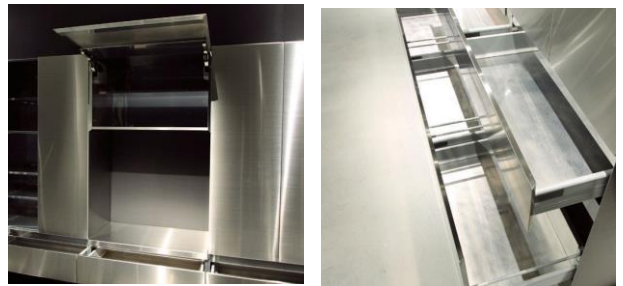

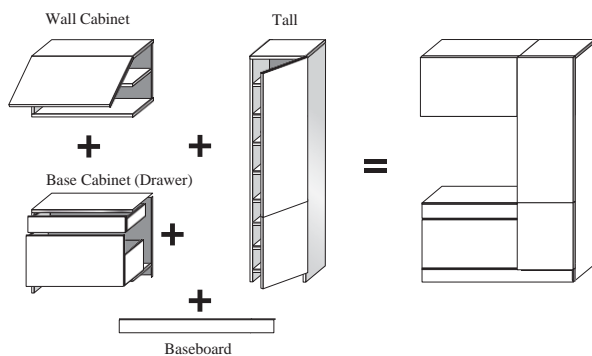

The "Grad 45 Cupboard" stands out with its all-stainless-steel design. When coordinated with the stainless-steel kitchen "Grad 45," it creates a luxurious kitchen atmosphere. Despite its substantial presence, the panel and doors feature the same 45° edge processing as the kitchen, resulting in a clean and sleek design.

- Wooden materials are used for the countertop backing and cabinet core material.
- Please note that Stainless Steel Black is not available.

Body finish

A luxurious LDK (Living, Dining, Kitchen) overflowing with an elegant stainless steel-coordinated design.

Two types: "drawer" and "swinging door"

It is a silent specification that does not make a noisy sound when closing both the drawer and the opening door.

They can be seamlessly coordinated with the kitchen. The stainless- steel hairline finish exhibits different expressions based on the angle of light. Wall cabinets come with convenient swing doors. Tall units are equipped with a reassuring earthquake-resistant latch..

Customize Doors, Shapes, and Sizes

You can create a functional cupboard tailored to your preferences by choosing the doors, shapes, and sizes, much like ordering custom-made furniture.

Non-combustible wall material from Trend Materials

It is a non-combustible interior decorative board that is resistant to dirt, fading, and heat, and has excellent functionality and design. In addition to the realistic texture of mortar, it has a unique and authentic feel that can create a space full of grade. Because it is thin and light, it can be easily installed with double-sided tape and adhesive, and it has excellent cleanability, so it can be used not only for water areas such as kitchens, but also for living rooms, bedrooms, and commercial facilities. In addition, a small split type are also prepared that is easy to install.
